## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art does not disclose or render obvious detecting means for detecting differences in bound and non-bound edges of the products in combination with the other elements of claim 1, or the step of detecting a difference between bound and non-bound edges in combination with the other elements of claim 17. Examiner notes that the detecting means are limited to OCR, optical sensor and reflective sensor. Optical sensor was disclosed in the originally-filled specification. OCR and reflective sensor were not disclosed in the originally filled specification, but were disclosed in the 132 affidavit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
